[Docket No. AD23-7-000]

PJM Capacity Market Forum; Second Supplemental Notice of Forum

As announced in the April 19, 2023 Notice in this proceeding, the Federal Energy Regulatory Commission (Commission) will convene a Commissioner-led forum to examine the PJM Interconnection, L.L.C. (PJM) capacity market in the above-captioned proceeding on June 15, 2023 from approximately 12:00 p.m. to 5:00 p.m. Eastern Time, following the Commission's scheduled open meeting. The forum will be held in-person at the Commission headquarters at 888 First Street NE, Washington, DC 20426 in the Commission Meeting Room.

The purpose of this forum is to solicit varied perspectives on the current state of the PJM capacity market, potential improvements to the market, and to consider related proposals to address resource adequacy. The forum will include three panels that will explore whether the PJM capacity market is achieving its objective of ensuring resource adequacy at just and reasonable rates, discuss potential market design reforms that may be needed to achieve this objective, and discuss state Commissioners' and state representatives' views on these issues.

A finalized agenda for this forum is attached to this Supplemental Notice, which includes the forum program and expected panelists.

While the forum is not for the purpose of discussing any specific matters before the Commission, some forum discussions may involve issues raised in proceedings that are currently pending before the Commission. These proceedings include, but are not limited to:
